

Plan
M-3733

61/10 wide x 57/2 deep
3,733 sq. ft.

"An executive home with everything for the entire family. Homebuilders and buyers have discovered a real gem here. The Grand scaled Family room and kitchen with back stair is balanced by the large formal living and dining rooms. Upstairs is a private and spacious master suite, and large bedroom suites for the kids and guests. A Jack and Jill bathroom splits bedrooms 3 and 4. A large bonus room completes the picture."
